

EXPERT'S GROUPS

Level – any

Subject – Clil – any school subject

Aids: copies of text (example:parts of brain)

Teacher: Pavlína Drnovcová pavlina.drnovcova@gymso.cz

Instructions:

- The teacher divides the class into groups of 4 students (mother groups).
 - Each group will label its ABCD members. Each member of the group is assigned one text ABCD, which together form a meaningful whole.
 - Pupils move to expert groups according to the label. ABCD (expert) groups are formed. Each expert group is focused on 1 topic.
 - Each member of the study group will return to the original - mother group and there will introduce the others to the issues he has studied.
 - ABCD experts meet in the mother groups, so the whole home group is apprised with the issue.
-
